

For over 25 years now, Anthony Falk has been living his dream. And since going out on his own and starting Falk Construction in 1999, he has really enjoyed the personal rewards that come with small business ownership.

Anthony's mission is to deliver high quality, dependable general contracting services to each and every client. He personally reviews each job at hand and carefully considers different options to best meet the client's needs. This allows him to ensure quality workmanship, budget awareness, and guarantee the timely completion of his projects. He truly does take pride in the attention to detail and craftsmanship he brings to every project, no matter how big or small.

When asked what he thinks might separate him from others in the industry, he offered:

- + Professional service at a reasonable price
- + Responsive and cooperative performance in a timely manner
- + Commitment to quality workmanship
- + A proven track record and a long list of repeat customers

But Tony is not necessarily all work and no play. His wife Linnea and 2 adorable kiddos are "by far my biggest blessings and accomplishments," says Tony. He is a member of Bee Creek United Methodist Church and loves hanging out in the backyard with his dog Blue, grilling steaks & just enjoying a low-key lifestyle. He also enjoys anything outdoors, especially camping, fishing, & biking.
